Dear Cecilia,

I wish to thank you for your past gifts. You were so faithful and made a difference in the lives of many of God's children. Over the years, by way of your gifts, you have provided food, shelter, clean drinking water, medicine and support following natural disasters. Also, fishing villages, schools, animal husbandry, school supplies for children, marching bands and the list goes on and on.

Blessed is the provider, deliriously joyful are the ones who receive—you are an awesome testimony to the Lord's faithfulness and generosity. When the poor receive a blessing from a person they have never met, they cannot stop thanking God for His goodness to them. Can you imagine how many prayers of thanksgiving have been offered on your behalf by the poor? You have been so good to God's children!

I am truly grateful for your help in the past and pray that God would invoke His richest blessings upon you and your loved ones.

In His Service,

Rena Soto

A Servant of the Poor
